10301814/10301815/10301816/10301817 (golvmontering)

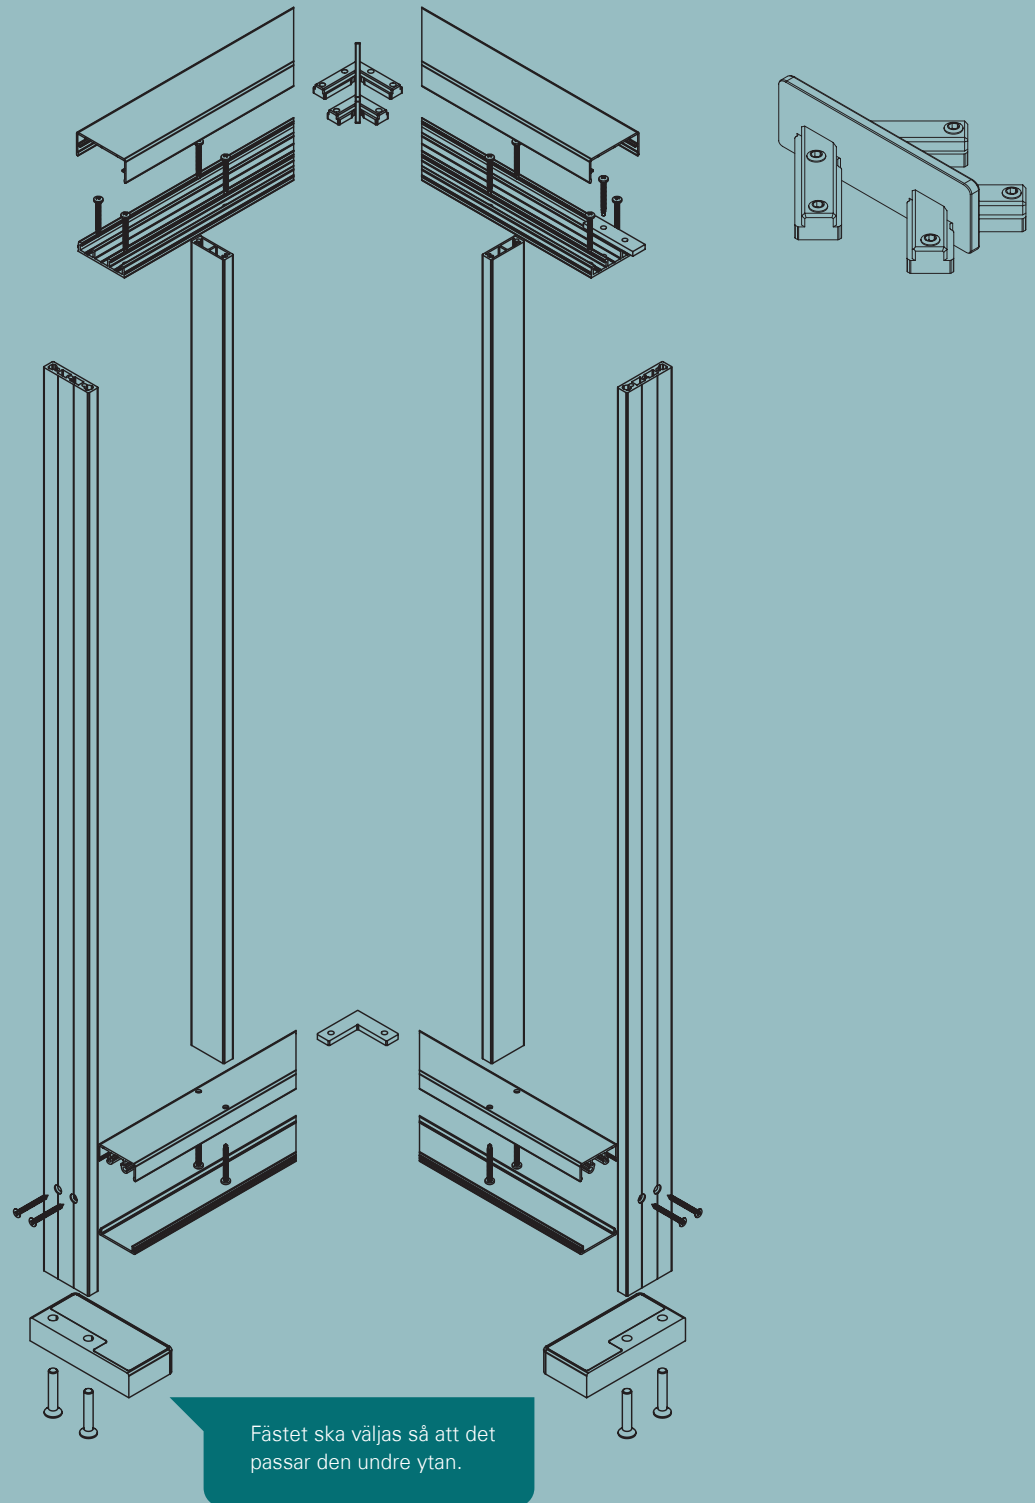

S

max. 4.5 Nm

Fästet ska väljas så att det
passar den undre ytan.

i

Fråga byggnadsmyndigheten som ansvarar för installationsplatsen eller den ansvariga kommunen om de strukturella kraven som ska uppfyllas, den strukturella utformningen och den önskade höjden på räckena i förväg. Observera att omfattande information om de strukturella kraven som ska uppfyllas endast kan tillhandahållas av de myndigheter som ansvarar för installationsplatsen.
