The ROBBY floor lamp impresses with its modern and functional technical design. The round base and straight tube provide a stable base, while the 5 curved arms give the lamp its characteristic, dynamic look. The metal structure in sand-colored matt blends harmoniously into various room concepts and provides a subtle but stylish accent. The metal shades in sand-colored matt showcase the lamp perfectly and create pleasant lighting. A rocker switch on the item allows for easy operation. The floor lamp is delivered without a GU10 bulb, so you can choose the light source according to your personal preferences. With a height and width that makes it suitable for both smaller and larger spaces, the ROBBY floor lamp is an ideal choice for modern living or work areas
