In addition to recent changes made in Annex XVII fall within this list of SVHC: Per COMMISSION REGULATION (EU) No 276/2010 of 31 March 2010 Based on the material content certifications provided by Manissa suppliers, none of these substances are present in the materials we use in our products, including packing and shipping materials. Therefore, Manissa products do not contain any of these SVHC in excess of 0.1% by weight, or nanoforms containing particles with the size range 1-100 nanometres. Manissa Limited will continue to comply with REACH requirements and notify customers of any change in article content.
